

# 82<sup>nd</sup> Annual Meeting of the German Geophysical Society e.V.

07 to 10 March 2022

## Information for Exhibitors and Sponsors

*Campus Theresienstraße in the city of Munich*

### **Local organizer of the conference:**

Department of Earth and Environmental Sciences  
Faculty of Geosciences  
Ludwig-Maximilians-Universität München

## Information for Exhibitors and Sponsors

The 82<sup>nd</sup> Annual Conference of the German Geophysical Society e.V. (DGG) will take place from 07 to 10 March 2022 on-line and is organized by the Ludwig-Maximilians-Universität München.

Among the participants will also be decision-makers who are responsible for awarding contracts, purchasing equipment or software and granting research funding. The DGG Annual Conference offers you an ideal forum for presenting your products and services as well as the opportunity to establish and expand customer contacts. In addition to the exhibition, we offer options for direct sponsorship of various segments of the conference, giving you the opportunity to make your company or organization known to conference participants in the best possible way.

By registering for an exhibition stand and through additional sponsorship, you support the diverse activities of the German Geophysical Society.

## Company Exhibition

The company exhibition will take place within the same platform as the conference. This allows you present your company or organization right in the heart of the conference where all the sessions and plenary events take place. The Conference as well as the Company exhibition will be hosted by the platform [SpatialChat](#). The exhibition rooms will provide a variety of options for presenting your company (e.g. video and/or poster presentations, live-chats). The conference organization team would be happy to explain to you the details of the conference platform. Please make your personal appointment via e-mail ([dgg2022-firmen@geophysik.uni-muenchen.de](mailto:dgg2022-firmen@geophysik.uni-muenchen.de))

We also provide the opportunity to experience the conference platform in a testroom via [spatial.chat/s/LMUSeismology](https://spatial.chat/s/LMUSeismology)

You can find more information on the conference platform [SpatialChat](#) on the conference homepage: [dgg2022.dgg-tagung.de/englisch/spatialchat/](https://dgg2022.dgg-tagung.de/englisch/spatialchat/)

**The deadline for booking a stand is 4 February 2022.**

## Sponsoring

In order to give your company or organization a special presence at the conference, we can offer you the following general conditions:

- Booth in the virtual company exhibition
- Free participation of your employees in the conference
- Presentation of your company in video spots right before a plenary event
- Sponsoring of a virtual coffee-point in one of the session rooms (including the opportunity to present your company in videos, posters or personal live-chats)
- Advertisement in the electronic conference proceedings (full, half, or quarter page)
- Logo with link on the conference home-page
- Give your company a higher visibility by placing your logo in the entrance hall of the conference platform (including a link to your exhibition area)

In addition, we want to offer the following premium sponsoring packages:

**Gold (ab 2.000,- EUR)** – Logo on the conference homepage, full page advertisement in the electronic conference proceedings, booth at the company exhibition, sponsoring of a virtual coffee-point, 2x 30s video spot right before a plenary event, logo in the entrance hall, 3 conference participations

**Silver (ab 1.300,- EUR)** – Logo on the conference homepage, half page advertisement in the electronic conference proceedings, booth at the company exhibition, sponsoring of a virtual coffee-point, 1x 30s video spot right before a plenary event, 2 conference participations

**Bronze (ab 500,- EUR)** – Logo on the conference homepage, quarter page advertisement in the electronic conference proceedings, booth at the company exhibition, 1 conference participation

For further information on the sponsoring options and on the conference platform, you are invited to contact us and make an appointment for a live-chat with the organising team via e-mail:
